25X1X

up to mid-June 1949, an ammunition dump was located in the Konjaca Forest, about 2½ miles west of KARLO-VAC (Y 12/K 25).

According to the GSGS map No. 4396 of Yugoslavia, scale1:100,000 sheet No. 43, the dump is located between the following coordinates:

17.56 (altitude point 148)

(altitude point 202)
(altitude point 212)
(altitude point 238). 16,55

16,56

The approach road to the dump runs via UDBINJA (immediately south of KARICVAC), STRELIUTE, JAMADOL and JAMATAL. For dump layout and installations see Annex.

25X1X

- 2, about five hundred railroad carloads of ammunition were stored in the dump in January 1949.
- 3. Twenty-three sentries belonging to a guard company were continually guarding the dump.
- The dump and the surrounding woods were off limits to military personnel and civilians, except for persons having special authorization.
